

SOMETHING ACTIVE & MESSY: SLIP N SLIDE

Here is an awesome activity to get you outside and take advantage of the beautiful weather that seems to be creeping in. Turn on your hose and get out those slip n' slides!

Don't have a slip n' slide? No problem! Grab a tarp or two, clean them off, spray them down with water and create your own! For an extra fun twist add some soap and paint and have a blast!

A word to the wise- bring some extra towels to dry off and get the grass off of you before heading back inside.
